INTRODUCTION

On the 348 rolls of this microfilm publication are reproduced the applications submitted for shares of the money that was appropriated for the Eastern Cherokee Indians by the Congress on June 30, 1906. The Eastern Cherokee applications, August 29, 1906-May 26, 1909, are part of the Guion Miller Enrollment Records that are among the records of the U.S. Court of Claims. This publication also includes a general index to Eastern Cherokee applications (two vols.).

History

Before the U.S. Court of Claims was established in 1855 there was no procedure by which claims arising against the U.S. Government could be enforced by suit. Consideration of claims was provided for when the Treasury Department was established in 1789; later acts of the Congress authorized the Department to settle all claims by or against the Government. If a claim was rejected by the Treasury Department, the claimant's only course of action was to appeal directly to the Congress. Petitions to that body for relief had become so numerous by the middle of the 19th century that the Congress was beginning to find it impossible to make the proper and necessary investigations for actions on the claims.

The U.S. Court of Claims was established by an act of February 24, 1855, to hear claims against the United States including those referred to the court by the Congress, based on any law of the Congress, any regulation of an executive department, or any contract with the Government, whether explicit or implied. Under this act the court served only as a factfinding agency, and its conclusions were submitted to the Congress for approval and for the granting of awards. In 1863 the Congress enlarged the court's jurisdiction and gave it authority to render judgments against the Government, with the right of appeal to the Supreme Court. An act of 1925 abolished appeals from the Court of Claims to the Supreme Court and substituted writs of certiorari.

An act approved July 1, 1902 (32 Stat. 726), gave the Court of Claims jurisdiction over any claim arising under treaty stipulations that the Cherokee Tribe, or any band thereof, might have against the United States and over any claims that the United States might have against any Cherokee Tribe or band. Suit for such a claim was to be instituted within 2 years after the act was approved. As a result, three suits were brought before the court concerning grievances arising out of the treaties:

(1) *The Cherokee Nation v. The United States*, General-Jurisdiction Case No. 23199; (2) *The Eastern and Emigrant Cherokees v. The United States*, General-Jurisdiction Case No. 23212; and (3) *The Eastern Cherokees v. The United States*, General-Jurisdiction Case No. 23214.

On May 18, 1905, the court decided in favor of the Eastern Cherokees and instructed the Secretary of the Interior to identify the persons entitled to participate in the distribution of funds for payment of the claims. On June 30, 1906, the Congress appropriated more than \$1 million for this purpose. The task of compiling a roll of eligible persons was begun by Guion Miller, special agent of the Interior Department. In a decree of April 29, 1907, the court (1) vacated that part of its earlier decision that had given the Secretary of the Interior responsibility for determining the eligibility of claimants and (2) appointed Miller as a special commissioner of the Court of Claims.

The same decree also provided that the fund was to be distributed to all Eastern and Western Cherokee Indians who were alive on May 28, 1906, who could establish the fact that at the time of the treaties they were members of the Eastern Cherokee Tribe or were descendants of such persons, and that they had not been affiliated with any tribe of Indians other than the Eastern Cherokee or the Cherokee Nation. The decree further provided that claimants should already have applications on file with the Commissioner of Indian Affairs, or should file such applications with the special commissioner of the Court of Claims on or before August 31, 1907. Additionally, applications for minors and persons of unsound mind were to be filed by their parents or persons having their care and custody, and applications for persons who had died after May 28, 1906, were to be filed by their children or legal representatives.

In his report of May 28, 1909, Miller stated that 45,847 separate applications had been filed, representing a total of about 90,000 individual claimants, 30,254 of whom were enrolled as entitled to share in the fund--3,203 residing east and 27,051 residing west of the Mississippi River. On June 10, 1909, the court confirmed and approved the roll, submitted by Miller in his report, of Eastern Cherokees who were entitled to a share of the fund except "so much as shall be expected (excepted) to on or before August 30, 1909." After the exceptions had been filed and investigated, Miller submitted a supplemental report and roll to the court on January 5, 1910. In this report he stated that about 11,750 exceptions had been made, that the names of 610 persons (238 east and 372 west of the Mississippi) had been added to the roll, and that the names of 44 persons (5 east and 39 west of the Mississippi) had been stricken from the roll because clerical errors in enrollment had been discovered. Thus the final figure on the total number of persons entitled to share in the fund was 30,820, of which 3,436 persons

resided east and 27,384 resided west of the Mississippi River. On March 15, 1910, the court finally decreed that the rolls be approved and that, after certain deductions for expenditures, payments were to be made equally among the Eastern Cherokees who were enrolled. The court also authorized the Secretary of the Treasury to issue a warrant in favor of each person.

In certifying the eligibility of the Cherokees, Miller used earlier census lists and rolls that had been made of the Cherokees by Hester, Chapman, Drennen, and others between 1835 and 1884. Copies of some of these rolls and the indexes to them are filed with the Miller records (filmed as M685). Other enrollment records used by Miller are among the classified subject files of the Bureau and are designated as "33931-11-053 Cherokee Nation."

Records

The applications contain sworn evidences of identity and were filed with the Interior Department's Office of Indian Affairs until April 29, 1907 (the last application was No. 22268), after which the applications were filed directly with the court. The application required each claimant to state fully his or her English and Indian names, residence, age, place of birth, name of husband or wife, name of tribe, and names of children. It further required the English and Indian names of the claimant's parents and grandparents, place of their birth, place of their residence in 1851 if they were living at that time, dates of their death, and a statement as to whether any of them had ever before been enrolled as Indians for annuities or other benefits and, if so, with what tribe. Each claimant was also to furnish the names of all brothers and sisters, with their ages and residences, and the names and residences of all uncles and aunts. Applications were required to be made under oath and to be supported by affidavits of two witnesses who were well acquainted with the applicant. With each application is a card showing final action taken and the reasons therefore. Filed with many of the applications are inquiries concerning the status of the cases, requests for further evidence, protests about unfavorable actions, form letters that had been sent by the special commissioner to the applicants as notices of rejection of their applications and returned by the Post Office Department as unclaimed, affidavits and statements of witnesses, powers of attorney, and last wills and testaments. The applications are arranged by the number assigned at the time the application was received. There are some gaps in the application numbers; these are explained on insert sheets at the appropriate places on the film. The index is arranged alphabetically by name (either English or Indian) of claimant.

Many of the files contain a cross-reference card to other applications. This cross-reference card often refers to the EX file, the report on exceptions filed by Miller on January 5, 1910.

George Ketcher, being duly sworn, deposes and says:

My name is George Ketcher. My age is 47 years. I was born and raised in Going Snake District. I got the strip payment. I was enrolled by the Dawes Commission, Cherokee Roll No. 893. My father's name is Richard Ketcher. He was enrolled but I do not know whether it was as "Dick or Richard." I think he was enrolled in 1851. My father is about 70 years old. I don't know why he was not enrolled if he was not. His Indian name is Tick-en-ees-kie. He lived in Going Snake District. My mother's name was Martha, named by Missionaries who raised her. Before that her name was Nellie. She was 65 years old. She drew her money and turned it over to the Missionaries. She was in Saline or Delaware District in 1851. Her father lived there in 1851. (Saline). The missionaries lived at Tahlequah. She had no brothers or sisters. Her mother was named Kah-da-nah or Cah-da-ni. Never heard anything about Nancy Holmes. I don't know whether she was ever enrolled while her name was Ketcher. She got the bread and strip money. My father is living and was enrolled by the Dawes Commission. My mother was not an Old Settler. My father may have been an Old Settler. Several persons told me that she drew ~~the~~ money in 1851, and she also told me, and that it was turned over to the Missionaries. My ~~father's~~ mother's father's name was Sun-na-go-yah. His surname was Coo-naw-dah. He lived in Delaware District. He had one brother Claw-sin-nih or Klaw-see-nee. My father's mother's name was Susie Walkingstick. She just died last winter. I think she was enrolled. I think I heard her say she received money from the Government in 1851. She was 80 or 90 when she died. She lived in Going Snake District. She had some sisters. She had a brother named Andy Estey. I don't know when she left the Eastern States. She must have been an Emigrant. Edward Walkingstick was my uncle. He is a half-brother to my father. Same mother. My grandmother's Walkingstick was married twice; to Walkinstick and Ketcher. (50E G. S.). Martha Whiting (the missionaries changed it to Whiting. (60B Tah.) It had been Whiten. Jennie Sheel is a sister (half) to my father. She was grown when I was a boy. She was not married in 1851. My father had a half-brother died 6 or 7 years ago. His name was Flint Walkingstick. He must have been about 40 at his death. I have some children, -5.

Mrs. G. W. Garrison,
Oklahoma City,
Oklahoma.

Madam:

Replying to your letter of September 17, 1908, you are advised that it does not appear, at the present time, that any further information will be required in connection with your deceased husband's application.

You are further advised that it is impossible to state at this time just when this fund will be distributed. More than 44,000 applications have been filed and in many instances testimony will have to be taken locally in order to obtain the necessary information to pass upon the claims. Some of this testimony has already been taken and several parties are now engaged upon this work, but it will necessarily take considerable time to complete the taking of testimony and the final adjudication of the claims.

Very respectfully,

Special Commissioner.

Milton M. Caulk, ---- being duly sworn, deposes and says:

My name is Milton M. Caulk. I am 60 years old. I live in this District. I came from Missouri although I was born in the Territory. I was born in Delaware District. I was enrolled by the Dawes Commission, Cherokee Roll #7765. My son was also enrolled by the Dawes Commission, Edward #9335. The other one was enrolled also. They claim through me. No Indian blood from their mother. I claim Cherokee blood. I was enrolled on a doubtful list. I never got strip money. I get my blood from my mother, Rhoda Schrimsher, before marriage, Caulk after marriage. She did not have any Indian name that I know of. We were in California in 1851. I think she was enrolled before she went there but was not on 1851 Roll. She was born in Tennessee. She got her blood from her mother. Her name was Edith Vann. She married John Schrimsher. I think mt grandparents were enrolled. Edith Vann's father John Vann, was on the 1835 Roll; from the Flint District in 1851. He came from Tennessee. I do not know when he came from the East. We got the information through our lawyer in Washington, Mr. Brownell, that John Vann was on the Roll; through Mr. Harris. But I got it from older people ~~from them~~ also. I have seen my grandfather on my mother's side. ~~They~~ went to California in 1850, and returned in 1854, and that may be the reason for their not being on the 1851 Roll, if they are not. Margaret Hall is my sister. I have a brother Nathan Caulk; Mary A. Caulk, Margaret Caulk, Martha Caulk, are sisters. My mother's brothers and sisters were: Margaret Schrimsher Lee Schrimsher and Isaac Schrimsher. None of my people got old settler money. None applied. I think John Vann lived in Flint District. He was the Hon. John Vann. My great-grandfather's father John Wayne Vann. Mr. Harris may know just where he lived. John Vann had no middle name that I know of. I do not know in what year they came from Tennessee or Georgia. I have heard my mother say that she was on an 1832 Roll. I never heard my people say that they were parties to the treaties of 1835-6 and 1846. Henry Hall is my nephew.

SPECIAL REPORT

In case 255 and others grouped therewith.

Applicant claims through his mother, Margaret Caulk, who was the daughter of Elebian Caulk and Rhoda Caulk. Rhoda Caulk was the daughter of John and Edith Schrimsher. The applicant does not claim through his father's side of the house for the reason that they were white people. His grandmother, Rhoda Caulk, had the following brothers and sisters, to wit: Isaac Schrimsher, Martin Schrimsher, Lee Schrimsher and Margaret Rogers, nee Schrimsher. The applicant's grandmother was not enrolled in 1835 or in 1851. Neither were any of her brothers and sisters enrolled, except Martin Schrimsher, who was enrolled in 1835 at the head of a family of five, consisting of one male under eighteen years of age, one male over eighteen years of age, two females under sixteen years of age and one female over sixteen years of age. In the family there were three quadroons, one half blood and one white person associated by marriage. From investigation, it would appear that the white person was Martin Schrimsher.

He was not living in 1851 and therefore was not enrolled at that time, but he had a brother by the name of Isaac Schrimsher, who was living in 1851, who had a family at that time. All the members of Isaac Schrimsher's family were enrolled in 1851 with the exception of himself. (See Delaware 966).

None of the other brothers and sisters of Rhoda Caulk, except as above named were ever enrolled.

Referring to application #2977, the applicant who was the daughter of Isaac Schrimsher and a niece of Rhoda Caulk, Martin Schrimsher, Lee Schrimsher and Margaret Rogers, in her application under remarks states that her father's people were white people:

Therefore, from the fact that Rhoda Caulk and all of

her brothers and sisters with the exception of Martin Schrimsher were living in 1851 and were not enrolled at that time or at any other time, from the fact that Isaac Schrimsher was expressly left off of the roll of 1851 and from the fact that applicant #2977 expressly states that her father's people were white people, we are forced to the conclusion that they were white people, and that the said Martin Schrimsher was enrolled in 1855 because of the fact that he had married a Cherokee woman and was an adopted white man.

Applicants were enrolled by the Dawes Commission, however, in Miscellaneous Testimony, page 2594, witness, in part of the lines 7 and 8, state that he was enrolled on the doubtful list. The fact that Martin Schrimsher was on the 1855 roll may account for the applicants being enrolled by the Dawes Commission.

In view of the premises, this group of cases is rejected.

I, Martha Ann Meroney, being first duly sworn, depose and say: I am 73 years of age according to the best of my knowledge, and I reside at Murphy, in said County of Cherokee. I am the widow of the late Bailey Barton Meroney, and Baily Barton Meroney M. D. is my son. He lives at Murphy, N. C.

I am the daughter of John Welch a half blood Cherokee Indian and his wife Elizabeth Blythe a white woman. My mother the said Elizabeth Blythe was a daughter of Jonathan Blythe, a white man, and Annie or as she was sometimes called, Nannie Barnes, a white woman. I was three years old when my grandmother, the said Annie Barnes Blythe died.

My grandfather the said Jonathan Blythe lived several years after the decease of my grandmother, and I remember that my son above mentioned, was twelve or fifteen years old at the time of Jonathan Blythe's death.

My mother had one brother named James Blythe who married an Indian woman named Sally Downing. My mother had five sisters, Rebecca married a Walls; Stacey married a Dorman; Sally married a McDaniels; Ona married a Parker; and Mary Ann who married a Hampton. These five aunts and one uncle were all of full white blood.

I had seven brothers and four sisters, as follows: David Welch, Edward Welch, John C. Welch, Jonathan Welch, James Welch, Richard Welch and Lloyd R. Welch, Polly Welch (Powell), Nacey Welch (Daws), Stacey Welch (Taylor) and Rebecca who died single, at the age of 19 years. My sister Stacey's husband was Cambell Taylor, all of my brothers and sisters are now dead.

My uncle James Blythe and his wife Sally Downing the Indian, had two daughters name Stacey and Mary Ann.

Stacey married a Beck, and Mary Ann married a Sneed. I know these cousins as well as I know my own children, they had Cherokee Indian blood.

I was acquainted with David Taylor, as we were raised on adjoining farms. His wife was Polly Bigby, a red-headed Irish girl, who was adopted by the Bigby family. She came from Tennessee. Mrs. Bigby her adopted mother, was an Indian. I was acquainted with James Taylor the son of David and Polly (Bigby) Taylor. He died a few years ago. He was an old man at the time of his death. His wife's name before her marriage was Addie Manchester.

I saw Polly Taylor, wife of David Taylor, very frequently during my young days, and she came to our house very often before and after my marriage. She was a good old woman, but it was the common understanding that she had no Indian blood.

We of the family always heard that my mother's mother Annie Barnes, came from Scotland. She came to South Carolina where my grandfather married her, when they moved to North Carolina.

The Cherokee Indians adopted my grandfather, Jonathan Blythe, but we always understood that he never received any money from the Indians.

My brother Lloyd R. Welch was Chief of the North Carolina Cherokee Indians for several years. It was never claimed by any member of my family that Annie Barnes was an Indian, so far as I know.

My Indian blood and that of my brothers and sisters comes from my father John Welch, and through no other line of kinship, and further the deponent saith not.

I, John Alvin Powell, of Cherokee County, North Carolina, being first duly sworn, depose and say:

I am 56 years of age and live about four miles from Andrews, N. C., in said County where I have had my home for nearly all my life. My home has always been within one mile of the farm of David Taylor, whose wife was Polly Bigby, the adopted daughter of Jack Bigby a Cherokee Indian. Mrs. Taylor was of light complexion, and had sandy or red hair. I have been in her house hundreds of times, and knew her well as a neighbor. She told me that she was a red mouthed irish woman and that her husband was a Scotchman. It was the common understanding that she had no Indian blood, and I verily believe this to be the fact, and this was the belief of my parents and grandparents as often expressed in my hearing.

I knew David Taylor's son, James Taylor and attended school at Robbinsville, N. C. with some of his children. It is my understanding and belief from observation and common report that none of the Taylor's above mentioned, had any Cherokee Indian blood.

None of these Taylors showed Indian blood. My grandfather was John Welch a Cherokee Indian.

Gentlemen:-

In re Application No. 262.

In reply to your favor of the 20th inst relative to
the above matter, beg to advise that my Great grandfather Billy
King was enrolled as an Eastern Cherokee Indian and that his
son Richard Morgan, who was half blood and I am unable to state
whether or not he was enrolled as such but from the best infor-
mation I have he might have been. Richard Morgan's daughter
Elizabeth Morgan, who is my mother was not enrolled as a
Cherokee Indian.

If my grandfather on my mother's side was enrolled as a
Cherokee Indian he might have been enrolled under the name of
"Dick Morgan" or Richard Morgan.

Very truly yours,

Mrs Nellie Fidelis Shorter

No. 262

Nellie Shorter, after being first duly sworn, deposes and says:

I am 30 years of age; was born in Hamlin County, Tenn. We moved from Tennessee to Missouri when I was about four years of age. I have not been allotted land by the Dawes Commission. I have never received any Indian money from the government. I claim no Choctaw blood. I claim Cherokee Indian blood, through my mother, Mary E. Morgan. She was born in Hawkins County, Tenn. My mother never got any Indian money from the government. I have seen my mother's parents. My grandfather, Richard Morgan, was born in North Carolina. He was the Indian. I do not know what part of N.C. He came West when we came which was when I was small. He is living in Missouri at the present time. He has not made application for this money, that I know of. I have heard of my Indian blood all my life. I went before the Dawes Commission to get an allotment but they said I was too late.

DEPARTMENT OF INTERIOR,  
OFFICE OF INDIAN AFFAIRS.

January 16, 1858.

Thompson, Hon. J.,  
Secretary of the Interior.

Sir:-

I have the honor to acknowledge the receipt of your letter of the 23d ult., transmitting one from the Honorable Thomas L. Clinman, Justice, and one from William H. Thomas, Esq., in relation to the right of the Nancy family, of North Carolina to participate in the per capita appropriations made for the Cherokees, and requiring me to make a full statement of all the facts in their case, and of the positions heretofore taken by the Indian Office; upon which I would report:

The father of the present elder members of this family was Martin Nancy, an Irishman, who died about twenty-five years ago. It appears that he served in the War of the Revolution and in Col. Rutherford's expedition against the Cherokees. His wife, Keziah, through whom the Cherokee blood is claimed, and who died about twelve years ago, was the daughter of one Agnes Weatherford, a white woman who lived, it is said, in co-habitation with John Vann, in part Cherokee, and interpreter for that nation; by him she had two children, the said Keziah and son called John Vann. The said Agnes, it is asserted, was deserted by this man, when she married a white man by the name of Harrison, by whom she had a numerous issue.

The 8th article of the Treaty of 1817 (Stat. at large, Vol. 7, page 189) gave to each and every head of any Indian family residing on the East side of the Mississippi river, on the lands that were by that treaty surrendered to the United States, and provided that or that thereafter should be surrendered 640 acres;

if any of the heads of families for whom reservation should be made, should remove therefrom, their rights were to revert to the United States and it was stipulated that a census of those desiring reservations and consequently citizenship was to be taken and filed in the office of the Cherokee agent.

There was nothing to show that Martin Maney ever lived within the limits of the Cherokee Nation prior to the date of this treaty. Mr. Nehemiah Blackstock, a man of fine character and great integrity, now living near Asheville, in the State of North Carolina, says that after the treaty was made, he jestingly remarked to Martin, who lived very near him, that he ought to go to Sweet Water in Tennessee and lay claim to some of the fine lands there, in right of his Indian connection. This term was used for the purpose of teasing him as it was considered a reproach, and was the cause of frequent broils between the young men of the family and their associates. He replied that he despised the Cherokees so much, that he never wanted to have anything to do with them. He, however, left the neighborhood very soon and did not return for several years. He had then, four children, John, William, James and Nancy, now Nancy Metcalf who all alive. It appears that when they left what was then Buncombe County, as spoken of by Mr. Blackstock they did go to Sweet Water in Monroe County, Tennessee, at least, all except Mrs. Metcalf; and that the fathers, John and William, laid claim to and succeeded in obtaining reservations. James did not as he was not the head of a family, being very young. But they are not included in the "list of persons entitled to reservations, under the treaty with the Cherokees of 27th February, 1819, according to the treaty, and returns of the commissioners appointed to superintend the surveying and laying off said reservations." as reported by the Secretary of War to Congress, January 23, 1823, (E. Doc. Vol. 111, No. 104).

The evidence generally goes to show that they had some difficulty in procuring reservations and one witness, not very creditable, however, goes so far as to say that Col. Meigs, the agent, afterwards remarked that he had been imposed upon by them in respect to their rights as claimants. They left Sweet Water after some two or three years, most of the witnesses say, because they, in common with many others, were forced to do so by the encroachments and the compulsion of the whites. One or two remark that old Martin told them it was because he found it impracticable to establish the right of his wife to Cherokee privileges, but the principal cause seems to have been the perpetration of a murder by William Maney upon one Andrew Miller, a Cherokee by adoption and marriage, in regard to the lines of their respective locations.

William Maney was arraigned for this offense before the Federal Court at Knoxville, and convicted: but was granted a new trial and before the taking place of which he made his escape by breaking jail. He is now living, it is believed, in one of the extreme Western counties of Virginia.

It appears from the books and papers of the first board of commissioners, under the treaty of 1835, this from the application, proof, etc. in the cases of John and William Maney and of the heirs of Martin Maney, then deceased, for the value of their reservations, that the commissioners were averse to their allowance, upon the ground that Martin and John had sold theirs; and that William had voluntarily abandoned his, to which is added the circumstance of his having committed murder and fled from justice. It is the vendor of Martin, who testifies, that the sale was alleged to be made in consequence of the difficulty attending the proof of his wife's right to Cherokee privileges. These were the grounds of the decision of the commissioners, and although the right by blood was repeatedly touched upon, that does not seem to

have been an ingredient of the decision. Caleb Starr, an adjudged Cherokee citizen, or countryman (as a White man married to a Cherokee and living in the Nation was called) states that at the time the Maney's took their reservation, there was much dissatisfaction among the Cherokees, some alleging that they were not entitled; and Anna Weatherford swore at the same time, that she was the mother of Keziah Maney, and that John Vann was her husband, and the father of Keziah and her son John. This son emigrated west.

Mr. Blackstock testified that William Maney resembled an Indian very much, and John Maney somewhat, in the least degree. That a child said to have been begotten of a white woman by John Vann, the brother of Keziah, bore evident marks of Indian descent, though an agent sent by the Department into North Carolina some two years since, in commenting upon the appearance of these people said he could discover nothing to indicate the slightest appearance of Indian descent in any of them, unless it might be in John Maney, who is of dark complexion, while in many of the younger persons he could readily distinguish Irish lineaments. He was informed by some members of the community that they were generally regarded as having Indian blood.

On the 29th of July, 1848, Congress passed an act (Vol. 9, Stat. at large, page 264) requiring the Secretary of War to ascertain the number and names of such individuals and families, including each member of every family of the Cherokee Nation of Indians that remained in the State of North Carolina at the time of the ratification of the Treaty of New Echota, May 23, 1835, who had not remained west or received commutation for removal and subsistence; whereupon the Secretary of the Treasury was to set apart \$53.33 for each individual and pay to such or their

representatives, 6% per annum thereon from said 23d of May to the passage of the act, and continue annually thereafter said payment of interest.

Whereupon John C. Mullan, then of the Indian Office, was sent out to enroll them. It does not appear that the Maneyes presented themselves for enrollment, but their names were forwarded to him upon his return, with some testimony as to their rights. He investigated the question in connection with the reports and evidence adduced before the first board of Commissioners above mentioned and concluded that as that board did nothing denying their claims to Indian descent, it having decided the questions before it upon other grounds, and upon the evidence on file, to place them upon the roll. And they are now the recipients of the interest of the aforesaid amount. Their names were not found upon the census of the nation taken in 1836 in pursuance of the requirements of the treaty of 1835 and that is sought to be accounted for from the fact that the agent did not visit the county of Yancy, then part of Buncombe, where the most of the family resided. Nor were any of them found upon that of 1840, though many persons living in Cherokee County were embraced where James Maney resides----- This is stated by Mr. Mullan, but I find from the affidavit of one person, that he did not move to that county until about 1846.

On the 30th of September, 1850 an act was passed (Stat. at large, Vol. 9, Page 558) appropriating the sum of \$189422,78 with certain interest, being the award of the Senate, to be paid to the Cherokees. And, on the 27th of February, 1851, an act was passed appropriating the sum of \$724803,37 with certain interest to be paid to the same people.

To ascertain the share of each, as the money was to be

paid per capita, it was necessary that a census should be taken of the Cherokees both West and East, and to take that of those residing East, David W. Siler was appointed special agent in 1851. The Mancys were returned among others by him as doubtful. He was informed upon making his return, by Commissioner Lea that it was for him, Mr. Siler, by virtue of his appointment, to decide whether they were entitled to participate or not; and he then rejected them. After an agent had been dispatched by the Department to distribute the portion allotted to the Eastern Indians, a letter was received from Mr. Siler saying that he had learned upon returning home from a reliable source that his family had Indian blood in their veins. It was too late for the Department to interpose, had it been decided positively by Mr. Siler that they were entitled, for the agent was then in their country, and had actually commenced payment. It may not be amiss here to mention that the list of the Mancys returned by Mr. Siler, as afterward ascertained, was a very imperfect one.

After the distribution of the aforesaid moneys, numerous complaints were made to this office by persons claiming Cherokee privileges and rights, and stating that they had been omitted to be enrolled by Mr. Siler. Whereupon Congress appropriated \$5000.00 on the 31st of July, 1854 (Stat. at large, Vol. 10, page 333) to pay such persons as were omitted in the census taken by Mr. Siler, and who were included and paid under the act of July, 1848---provided the Commissioner of Indian Affairs should be satisfied that they ought to be included in said per capita distribution.

As this would only include those residing in North Carolina leaving out such as happened to be in the other states, nothing was done in the premises, until the following session of Congress.

The law was then amended on the 18th of August, 1856 (Stat. at large, phasp. ed. page 93) requiring the Secretary of the Interior to ascertain the members omitted by Mr. Siler, and pay to said Indians the aforesaid amount of money according to the per capita distribution made by the Department of the Interior in pursuance of the principle contained in the opinion of the Attorney General on that subject on April 16, 1851. The matter was referred to the Commissioner of Indian Affairs by your predecessor for his opinion, and the report as to who were entitled to participate; and he still maintained that the opinion before expressed by him was correct. Whereupon, when by the act of March 3, 1855, (Stat. at large, Vol. 10, page 700) the former act was so amended as to authorize the payment of all such Cherokees east of the Mississippi as being probably entitled, were omitted on the roll of D. W. Siler from any cause whatever.

It was then that William A. Chapman of this office, was sent to North Carolina and the neighboring states to take evidence as to the claims of any persons, alleging that they were entitled, for submission to the Commissioner of Indian Affairs for his decision.

He was verbally instructed by me, then acting as Commissioner, to bring any evidence that might touch the case of the Maney's;---and that which he brought has been given in the first part of this report. He seems to have taken great pains to obtain an accurate list of them. They numbered ninety-nine exclusive of William Maney and any descendants he may have. He is residing now in Virginia, Mr. Chapman accidentally learned during his trip. His list also embraces a daughter of John Maney, of whom no certain tidings have been learned for sixteen years, and it may be proper to remark that twenty-two upon his list have been born

since Mr. Siler acted.

Commissioner Mary Penny took this view of the title to participate in this appropriation, that under the law his mind must be satisfied that they were Cherokees, and the best evidence of that fact, beyond which he was unwilling to go, was, the census of 1836 taken in pursuance of the treaty of 1835 requiring that the balance of the sum due there spoken of should be equally divided between all the people belonging to the Cherokee Nation east according to the census just then completed and certain ones who had removed west.

The matter was referred to Attorney General Cushing who thought that restriction too great, and they should be considered Cherokees who were comprehended and intended to be affected by the provisions of the treaty, and of the persons intended to be comprehended the Secretary of the Interior must under the law be the judge. In this shape it was again sent down by the predecessor, and Col. Mary Penny reported that in his opinion they should at least be proved to have lived at the time of the treaty within the limits of the Cherokee Nation.

In this opinion, Mr. McClelland concurred, and a list made accordingly of those thus considered entitled to participate; under which decision the Moseys were excluded.

Before payment was made Mr. McClelland left the Department; and you will recollect that the question was then raised whether, as the number decided to be entitled was so large as to require an amount greater than the appropriation then made, if the same amount should be paid to them as was paid to those enrolled by Siler, the matter to await further action by Congress, or to be distributed among them as far as it would go equally; upon which you obtained the advice of Attorney General Black who was of the opinion that it should be divided equally among all entitled,

which has accordingly been done, and there is nothing of the appropriation left.

I have endeavored in the history of this case to give you as full a statement of all that has passed as I could, without rendering it too prolix by a community detail of all the evidence on the file.

There is nothing of file here to show that any charge has been made that this family is tainted with negro blood, as Mr. Clingan and Mr. Thomas allege that they have heard.

The letters of those gentlemen are herewith returned.

Very respectfully,

Your obedient servant,

CHAS. E. MIX.

Acting Commissioner.

Note. This letter is copied from Report Book No.10, Report on Maney family, page 354, in the office of the commissioner of Indian Affairs.

Application No. 276, etc.

There are a large number of applicants claiming as descendants of Martin Maney and Keziah Vann Maney. This family has been the subject of dispute among the Cherokees a number of times, and from the various reports on file in the Indian Office it appears that Martin Maney was an Irishman, and died about 1832 or 1833; that he served in the Revolutionary war and in the Expedition of Colonel Rutherford against the Cherokees. His wife was named Keziah, and was said to have been the daughter of one Agnes Weatherford, a white woman, and the claim was made that John Vann, a part Cherokee, was her father. From the same source it appears that prior to the treaties of 1817 and 1819 Martin Maney and his wife were not living with the Cherokee Indians, but that soon after those treaties, at the suggestion of one Nehemiah Blackstock, who is reported to have been a man of fine character and great integrity, who says that he jestingly remarked to Martin Maney that he ought to make a claim to an allotment with the Cherokees, Martin Maney and his family made an effort to secure the allotment under the treaty of 1819. While he appears to have occupied the land there was a controversy as to his right to do so, and he and his family were not returned as entitled to allotments, as reported by the Secretary of War to Congress on January 23, 1823. It does not appear that the Maney family were enrolled with the Eastern Cherokees in 1835 and in 1851 it appears from the records that their names were considered but their right to enrollment was denied. Shortly after this, about 1856, under the provisions of the Act of March 3, 1855, 10th Statute at large, page 700, a second investigation was made into the claims of those who had been omitted by Siler and Chapman in the enrollment of 1851, and the right of the Maneys was again

No. 276, etc. p. 2.

considered and again denied. Later the subject was the matter of a special report by Charles E. Mix, acting Commissioner of Indian Affairs, to Hon. Jake Thompson, Secretary of the Interior, and the Acting Commissioner, under date of January 16, 1858, reviewed the entire matter, but the Maney's were not given any rights and the former action of the Secretary in rejecting their claim appears to have remained unchanged. In view of this repeated investigation on the part of the Indian Office, and the Secretary of the Interior, which investigations began so many years ago, it does not appear proper to reconsider the question as to whether Keziah Maney, the daughter of Alice Weatherford, was in fact the daughter of John Vann. It certainly does not appear that this family were recognized members of the Eastern Cherokee tribe at the time of the treaty of 1835-6; nor does it appear that they ever lived with the tribe as members of the tribe.

These claims are, therefore, rejected.

I suppose the claims of Hyde and Salie and Forrest Fisher have been passed upon by Mr. Miller by this time. If so, will you be kind enough to let me know how the matter as to the children and W. P. Hyde (their uncle) was disposed of. If the evidence was sent from the, then, Territory and was before the Commissioner, and this Hyde tells me should have been the case, I see no loop-hole of escape for their rights being sustained. This evidence amounts to almost conclusive proof that the Walkers were Indians and the line of descent on the maternal side of the claimants.

The matter now before Col. Churchill (Inspector) to gather material for a new roll of these Indians is about concluded, if not completely so. This concerns, if I understand, the \$35000 timber money. The Committee appointed by the Council to pass upon and revise the "list of names" sent in by Col. Churchill rejected the Maney's "in toto," by reason, as I hear, that they are not Indians, notwithstanding they are on rolls heretofore made out by the Department. The proof shows that they are descended from Kizah (Kizaah) Vann, a full blood Indian and enrolled Indian either by name or her ancestor. I have not the other names now by me. Said Committee also rejected W. P. Hyde; the Inspector did not, he said, know why. Hyde tells me, however,

2.

that it was upon the ground, as he learned from one of said Committee, because he had by valid deed or some deed conveyed away all of his interest in Indian lands to the Band. This, as a matter of fact, is false. By letter dated the 2nd inst. to Colonel Churchill I so told him, and as proof of its falsity I referred him to all and every deeds (if any there were) executed by Hyde to the Band, which would of course be in the care and custody of the Superintendent at Cherokee, N. C. Up to date I have received no reply to said letter.

The Colonel declined to tell me whether or not he would, on these points, sustain the Committee's revision of said "list of names," that is, in respect to the Maney and Hyde. So then, my only recourse is to get you, if you will, and upon what terms or consideration you can write me, to see to the matter before the tribunal in Washington having final decision of the matter. The Inspector, as I understand, simply makes his report, and the Commissioner of Indian Affairs takes it (consisting of all of his data) and makes a roll proper. Of course he will, in a large measure, be influenced by the report aforesaid. This we are trying to obviate, if possible, if it be adverse to these peoples, and the means to that end is to get him to look into the evidence. As you see Hyde's Indian blood is not denied. The Legislature of N. C. in 1820, Revised Statutes of 1837, Vol. 2, page 193, brought forward in "The Code" of 1883, Vol. 2, Section 2368, recognized Walker a brother of Betsy Walker as an Indian, and from her daughter, also named Betsy, who married Edward Leatherwood, and whose daughter married Hyde who was the grandfather of W. P. Hyde, by

(1)

3.

this marriage, you see the blood is beyond any sort of doubt. The claim of Hyde, filed by me with the said Inspector, makes clear all the points, together with memoranda taken at the time by him. Hyde's suit concerning land with the Indians had only to do with lands inside the "Qualla Boundary," to which the Indians did not and could not show title. Temple's survey of that Boundary, ordered and made by the Government, included thousands of acres of land to which the Indians, when it came to a legal test, could show no title whatever. It was a bluff game upon the part of the United States, to make the claimants of these lands give them up, and when it was found that said game was futile for any purpose then Attorney General Olney said so and recommended a compromise, an appropriation of Congress, and a buying out of said claimants, of which Hyde, doubtless, was one, or those claiming under him.

Excuse this long letter which I think is fully justified by its pertinence and the importance of the matter to Hyde and his class in this controversy.

With Respect,

(Signed) F. C. Fisher, Atty-at-Law.

P. S. At *last*, if you will, I suggest that you file this letter with the Commissioner or such person as has the final making of the roll proper.

(Signed) F. C. Fisher.

Sir:-

Replying to your letter of the 17th instant, asking what steps to take to have certain persons enrolled as Eastern Cherokees, I beg to advise that inasmuch as this is a matter that should be taken up with Guion Miller, 601 Ouzay Building, Washington, D. App. No. 277.

August 23, 1909.

W. M. Carr,  
Checotah,  
Oklahoma.

Sir:

Your letter of August 17, 1909, addressed to the U. S. Indian Agent, Muskogee, Oklahoma, has been referred to this office for reply.

You are advised that the reason James S. Mulkey, Julia Mulkey and Vida Mulkey were not enrolled with their father, Lewis A. Mulkey, was because they were all of age and should have filed separate applications.

The application filed by their father for himself is not sufficient for their claims, as each adult was required to file a separate application.

The matter is now out of my hands, but if you wish to take any action in the case you will have to file exceptions to my report to the Court of Claims before August 30, 1909. The inclosed circular will furnish you with the information necessary to file exceptions.

Very respectfully,

Special Commissioner.

Oct. 9th, 1909.

Hon. Commissioner to the Five Civilized Tribes,  
Muskogee, Oklahoma.

Sir:

Kindly inform me whether one Vida Carr of Checotah, Oklahoma was enrolled by you and if so, on what roll her name was placed and her number thereon.

This party is a daughter of Lewis A? Mulkey enrolled by you on the roll of "Cherokees by blood" at number 4669. She married one William Carr, a Creek, who may be enrolled as a Creek by blood at number 2686, and had by him three children, namely Lillian May, born May 1st, 1901, Ollie Ponder, born July 2nd, 1902 and Cecil Raymond Carr, born Nov. 16th, 1905. The latter child being enrolled by you on the roll of "New born Creeks by blood" at No. 755. Cases of Indian Affairs  
Washington D.C.

I find not included in  
my Eastern Cherokee application - that my father  
had a brother Marion Hudson & had no heirs.

Abediah Hudson Bonin 1775, a brother of my grand  
father; Mary Sharp Bonin 1776 a sister of my grand  
father; Louisa C. Albrity, sister of my father; Bayless  
Hudson a brother of my father; At least two of these  
parties died without issue and we will probate  
draw from their names on the 1851 roll.

Respectfully  
Mary E. A. James

Sir:-

Replying to your letter relative to the Eastern Cherokee enrollment, you are advised that your application has not been reached for final consideration, and we cannot state at this time whether you are entitled to share in this fund, or the amount each successful claimant will receive.

As there are nearly 44,000 applications on file and the claimants are widely scattered through the United States, it will necessarily take considerable time to have all of these cases adjudicated, and until they are so determined no money can be distributed.

If there is any further information required in connection with your application you will be notified.

You are advised that it is impossible for me, at this time, to state when the Eastern Cherokee fund will be distributed. However, the money cannot be paid out for some time yet, as there have been a large number of exceptions filed to my report, and until these are considered and passed on, and the roll finally approved by the Court no money can be paid.

APP. #317.

June 10, 1907.

W. J. Eldridge,  
Oolagah,  
Indian Territory.

Sir:-

Your letter of May 23, 1907, relative to when the fund arising from the judgment of the Court of Claims in favor of the Eastern Cherokees will be distributed, is at hand.

In reply you are advised that the applications have not been given final consideration as the Court of Claims in its order of April 29, 1907, an abstract of which is herewith inclosed, has extended the time for the filing of applications to August 31, 1907, and until the applications have all been filed it will be impossible to give final consideration to any of them.

As there are already over 23,000 applications on file and the claimants are widely scattered through the United States, it will necessarily take considerable time to have all of these cases adjudicated, and until they are so determined no money can be distributed.

Very respectfully,

NLC.

My Dear Sir: If not inconvenient, will the Dept. please inform me as to whether my application for enrollment as an Emigrant Cherokee has been received, and as to what disposition it has met with.

Will the Government trace

other ancestors and make permit  
of to their descendants, where  
not included in the application.  
We have other ancestors which  
we could draw from, the rolls will  
show, but we cannot find evidence

all small.

Any information The Dept

can give will be greatly appreciated.

Margaret Ella Toombs, after being first duly sworn,  
deposes and says:

I am 59 years of age; was born in Dickson County, Tenn. I am not a Cherokee allottee. I drew my share of James Smith's part of the Old Settler money. I got this money in 1901. James Smith was my uncle. He was my father's brother. I claim my Indian blood through both my mother and father. They were born in Tennessee. They did not come West. They died in Tennessee. I am the oldest child. I came West after I was married. I think my father was born in Hardin County, Tenn. My mother was born in Dickson County. I only claim Cherokee Indian blood. I did not try for an allotment before the Dawes Commission. After I got the Old Settler money I was told to go and take up my allotment but I never did do it. I have seen my mother's father and my father's mother. My father's mother was living in Gibson and Dickson County, Tenn. when I knew her. My father's father died in Hardin County. I did not know him. My mother's father was the brother of my father's mother. My mother's father lived and died in Dickson County. I never saw my mother's mother. Suppose she was buried in Dickson County and suppose she lived there.

COURT OF CLAIMS  
EASTERN CHEROKEES.  
Rec. DEC 17 1907  
No. 324.

788  
Novata Oklahoma, December 14th, 1907.

Hon, Guion Miller,  
Special Commissioner of Indian Affairs,  
Washington, D. C.

Dear Sir:-

Receipt is acknowledged of your letter of November 20th  
relative to my Eastern Cherokee claim, No. 324.  
You ask me to state under what names they were on the Roll.  
I now believe they were in Flint District at the time they were  
enrolled, instead of Going Snake District,

My father was William Lowry, commonly known as Bill, or Pig Lowry,  
Indian name Se-quah-ne-dah.

My mother was Lucy Forekiller, and I suppose was enrolled under  
that name, her Indian name was Lu-cio Muh-gee-de-he.

I have always understood from my parents that I was on that Roll,  
if so, I was enrolled as John Lowry, or under my Indian name,  
Se-quah-duh Se-quah-ne-dah.

Hoping that this information will prove satisfactory, and that you  
will have no further trouble in locating my-self and parents on  
the Eastern Cherokee Roll.

I am, Yours truly.

John Lowry

P.S.

My mother lived in Going Snake District, and my father in  
Flint District at the time the 1861 Roll was made,  
and may have been enrolled in different Districts.

Please state under what names they were on the Roll, being careful to spell them correctly, and give any other information you may be able to which will tend to prove your claim.

An early reply will be appreciated.

My name is William Catherine Betterton.  
My number on the Dawes Commission is 189.  
I was born in Flint District, and I am 26 years old.  
I claim my Cherokee blood through my father, and his name was  
George Thomas Benson. He is dead. He has been dead about  
13 or 14 years. He was about 50 years old at the time of his  
death. ~~1851~~ He was born in N. C., I think. I don't know  
where he was living in 1851. I made a mistake he was born in  
Tenn. and then moved to N. C. He was married in Tenn. and then  
went to N. C. I am not the oldest child. The oldest child  
was Alice Benson. I could not tell you how old she is. She  
was 23 or 34 years old when she died. I don't know when my  
parents were married. Four of the children were born east.  
My father's father was named George. It seems to me he said  
his father was named George Audinot. I never heard my grand-  
mother's name. I never heard any other name for my grandfather.  
My father's youngest sister was named Sis Crow, or is Crow.  
I had an uncle Joseph Benson, who had a daughter named Margaret  
and one named Nellie. (See Chapman 1328 and 1304)

I do not claim any Indian blood through my mother.  
I Collins whose post office address is Grove, Okla. and  
John Chandler whose post office address is Okmulgee, Okla. know  
my father well. John Chandler was my school teacher.  
Mrs. John Crow whose post office address is Okmulgee, Okla.  
would know about my case. George Blair #27026 and Thomas  
Blair 1050 are my cousins and I claim through the same source as  
do. Lizzie Blair, 5279. These people are the children of  
Thomas Blair, and Thomas Blair was the brother of my father.

William Littlejohn of Chickasha know my father well.

SIR:

In the matter of the enrollment of the Eastern Cherokees for participation in the fund arising from the judgment of the Court of Claims in favor of the Eastern Cherokees, of May 28, 1906, the Court of Claims on April 29, 1907, entered a further order directing the distribution of this fund *per capita*.

Under this order all Eastern Cherokees by blood, who were living on May 28, 1906, who can prove that they are descended from Eastern Cherokee Indians, parties to the Treaty of 1835-6 and 1846, will be entitled to enrollment. Minor children are to be enrolled with their parents.

You have already filed application No. <sup>331</sup>..... for your own share of this fund, but it does not show whether you have any minor children. If you had any minor children living on May 28, 1906, you should fill out the inclosed Supplemental Application, and together with two witnesses acknowledge the same before a Notary Public or other proper officer, and should mail said application to this Office immediately.

If you have already filed a separate application for your minor children you need not file this supplemental application.

Do not fail to put your own application number on the supplemental application.

If you have children of age who have not filed applications, they should apply at once to this Office for an application blank, which will be forwarded without charge.

You should address all letters on this subject to the Special Commissioner of the Court of Claims, 601 Ouray Building, Washington, D. C.
